Subject: FW: FPL RATE INCREASE

Thank you for contacting the Florida Public Service Commission (PSC) about Florida Power & Light Company's (FPL) rate petition. To give Commissioners and staff an opportunity to review your comments, your correspondence is included in the file for Docket No.160021-EI. All consumer comments during the hearings and all correspondence will be reviewed and considered when PSC staff prepares its recommendation to the Commissioners on FPL's proposed rates.

The PSC's evidentiary hearing on FPL's rate case will be in Tallahassee (August). Witnesses from the utility, intervenors, Commission staff, and the Public Counsel, who represents customers, will present testimony and exhibits and be cross-examined by the Commissioners and other parties. Commissioners will examine FPL's need for a rate increase, its existing and proposed rate structure, and its ability to provide safe and reliable service.

Commissioners are charged with making sure that Florida's utility companies fulfill their service obligation. The PSC will ensure that final customer rates reflect only those costs that are prudent and necessary for FPL to deliver quality electric service to your home or business. Any proposed rate adjustment is requested to begin in January 2017.

Here is a link to the PSC's Ten-Year Site Plan

Report: <http://www.floridapsc.com/ElectricNaturalGas/TenYearSitePlans> for your review. If you want updated FPL rate case information, visit the PSC's website, www.floridapsc.com and click on the Clerk's Office tab, then hit Dockets and type in case number 160021.

Sincerely,

Bev DeMello

Subject: FPL RATE INCREASE

WHILE WATCHING THE FLORIDA CHANNEL ON TV I WATCHED THE PSC HEARING ON THE RATE INCREASE FOR FP&L IN MIAMI.

I DON'T LIVE IN MIAMI, BUT AS A CONSUMER OF ELECTRICITY, I WAS INTERESTED IN THE HEARING.

I WAS AMAZED THAT THE RATE INCREASE WAS EVEN CONSIDERED, FP&L ARE MAKING BILLIONS IN POROFIT, SO WHY DO THEY NEED AN INCEREASE?

I HEARD CUSTOMERS PRAISING FP&L FOR WONDERFUL SERVICE. WHY IS THAT EVEN AN ISSUE? THEIR BUSINESS IS PROVIDING SERVICE, SO IF THEIR SERVICE IS NOT WONDERFUL, THEY NEED TO BE REPLACED WITH SOMEONE THAT WILL PROVIDE WONDERFUL SERVICE.

I AM INTERESTED IN WHY ELECTRICITY IN FLORIDA IS NOT FROM SOLAR POWER, WE ARE THE SUNSHINE STATE. I HAVE HEARD ARGUMENTS THAT IT IS TOO EXPENSIVE AND INEFFICIENT, BUT I ALSO KNOW THAT THE ELECTRIC CO CAN SELL UNUSED

ELECTRICITY TO OTHER STATES, AND WHY NOT USE SOME OF THE MILLIONS IN PROFIT TO BUILD SOLAR PANELS WHY NOT STUDY HOW THIS IS DONE IN EUROPE, IT IS WORKING WELL. AND THEY COULD LEARN SOMETHING.

THANK YOU
