Subject: FPL base rate increase docket number 160021-E1

I am writing you in opposition to the proposed base rate increase, docket number 160021-E1, by FPL. I am 59 years old and am disabled. I live in a small one bedroom apartment and this month my light bill was \$136.00. My situation is such that I am sometimes not able to purchase my insulins, I use 2 types, and other prescription medications. I eat one meal daily because I can't afford more. I am on a strict budget. I cannot afford to grant FPL a base rate increase, and I know and you know that I am not alone. Floridians cannot afford to pay more for our electric bill. FPL makes a huge profit already and if they want to use their own money to pay for their wish list then they can, but they should not be allowed to use our money. We already pay enough and cannot pay any more. You have so many people that cannot afford this increase! I oppose this increase. This is simply wrong.

Sincerely,
Dulce Garrido
