Subject: fpl rate hike

I own Easy Livin' RV Park in Ft. Pierce Fl. and pay an average of \$3000.00 per month on electric each month to FPL. Service is non existent. Tree branches on the south side of the property are hitting hot wires on the transformers and causing sparks to fly. I have campers directly under the lines staying in very flammable RV's. I can't trim these branches in fear of being electrocuted. Between me and my tenants, we have made seven requests to have these trimmed before a major storm hits and have had promises to have it taken care of. The last request by my tenant, was answered by "It's the landowner's responsibility" For all of this service that I have not been given, they are asking for a raise. Mike Laiben 772-461-0800
