**Subject:** FP&L request testimony

*We have no option of investing in any other power company, we have no say in how many millions of dollars they pay their C-Suite executives, and we have no accurate accounting for the full scale of political contributions they make each year to influence those in powers to keep FPL in its unchallenged, powerful position in this state.*

*They're asking for money to resolve – to get more profit for people that are out – for their shareholders that are out of state. Now we have seniors that cannot afford to buy their medication, and now with this rate increase they may not be able to eat and pay their bills..*

*When you're considering this rate increase in order to generate higher profits for FP&L, please keep in mind that those profits come at our expense, and that includes the senior community. FP & L customer, Barbara Higgins*
