RE: Rate Hike, docket number 160021-E1

FPL should be ashamed to request any rate hike (docket number 160021-E1) with the majority of the proceeds going to shareholders when:

- 1) Profits are already high (\$1.6B projected profit in 2017 without the requested rate increase).
- 2) So many Floridians (especially seniors) are struggling just to keep the lights on.
- 3) There is so much outdated above-ground infrastructure. In my neighborhood the transformers regularly blow during normal summer storms - and hurricanes in the past resulted in weeks-long outages.

Sincerely,
Carla Mays
