Subject: no rate increase for FPL
Importance: High

I am an FPL customer and am outraged by even the possibility of a rate increase like the one currently under consideration. FPL investors are already seeing a healthy return ... without saddling the consumers YOU are sworn to defend being asked to provide an even greater profit with no increase in service, infrastructure improvement etc. This rate increase is NOT justified and it is not right, particularly when the vast majority of the customers they serve are on fixed incomes and simply cannot afford to spend \$1 dollar more than they are today.

I ask that you do the right thing and deny this rate increase.
