*FPL Rate Increases do not seem to make sense if they are already calling for a 1.6 billion dollar profit in 2017 WITHOUT the increase for their profit holders.*

*While you consider this rate increase, please keep in mind that those profits come at the expense of our community. Personally, I moved in with my mother just to help her with her expenses. As a senior citizen on Medicare and Social Security, she simply cannot afford to live alone any longer. This is just an additional increase that we now will have to budget for.*

*Please do NOT approve this rate increase for FPL. We have no alternative solution for our power. This will impact our finances without the ability to negotiate or shop for a better deal.*

*Sincerely,*

*Pamala McIntire
