**Subject:** FPL Requested Rate Increase (Docket # 160021-E1)

Please do not allow FPL to have an excessive base rate increase at the expense of citizens who can least afford it. We have no way to know how their profits are spent or that they will benefit us, the rate payers in the future. A more appropriate rate increase should match the cost of our social security increases that we had received in past years. That would be fair.
