**Subject:** FPL proposed rate increase

Dear Sir/Madam

This proposal for a rate increase by FPL solely for the benefit of their shareholders is unconscionable, We as FPL's customers in Florida have no choice but to be served by them or revert to off the grid measures, which is simply not feasible. In other words, we are hostage to the company, even if we don't have any complaints about their service.

There is absolutely no benefit to the customers in this rate increase request. We are pensioners who have a fixed income and would suffer greatly if this proposal is agreed to. We urge the Florida Public Service Commission to dismiss this application.

Thank you for your consideration.

Yours truly
