dear ms Stauffer,

We have no option of investing in any other power company, we have no say in how many millions of dollars they pay their C-Suite executives, and we have no accurate accounting for the full scale of political contributions they make each year to influence those in powers to keep FPL in its unchallenged, powerful position in this state." - a23 percent increase or any increase at all is just not right , my fpl bill was almost 300 dollars last month.. that is not right they know that we are stuck with them and take advantage of us
sincerely
