**Subject:** FPL Price Hike

I don't feel there needs to be a price hike on FPL customers. They are already making billions in profit. As a senior citizen and on a fixed income, I feel as if I pay enough and there is times my FPL bill decides how much food I purchase for the month. I know several others can't afford to pay their monthly bill in full in less they don't eat, or if they still work to afford gas to get to work and this causes an uncomfortable chain of events to make ends meet to survive for the month. I say NO to pay hike on our monthly bill.
