**Subject:** Reference FPL Rate Increase - Docket #160021-E1

Dear Public Service Commission Clerk,

I am writing to object to the proposed increase in rates by Florida Power & Light. I can see no justification for an increase which will result in 11.5 -12.5% when the average for electric utilities is around 10%. Their 23% increase request, when there is no other competition in areas like ours which only has electric utilities and no access to natural gas, is unfair and should be rejected by the Commission.

Sincerely,  
Daniel & Jane James
