Subject: FPL rate increase

To whom it may concern: it's time to realize that we have no choice but to use this power company. I would think a monopoly could not raise rates in the double digits percentage rate. I am on social security and have not had a raise in five years, but now, I have to come up with more money to keep my lights on. Please, sirs, consider the people not the stockholders in this decision.

Thank
