Subject: Proposed rate increase

My name is Judith Travis and I reside at 14805 Quay Lane, Delray Beach, FL 33446
I am writing to state my opposition to the proposed rate increase by FPL. Docket number is **160021-E1** .
We have constant power outages several times weekly, which have affected my electronics.
It is my understanding that the rate increases will not be used to improve service, energy modernization or equipment, that this is purely for the profit of shareholders and executives. This is totally unacceptable. We are retired and living on a limited budget as are many people in this area. In order to request a rate increase, there needs to be documented reasons for it. According to their own filing with the PSC, FPL is due to earn \$1.6B in profit in 2017 without the requested rate increase. Enough already!
Thank you for anticipated rejection of FPL's request.
