Subject: Proposed FP&L rate hike

I oppose the proposed FP&L rate hike, which will mainly increase the wealth of the FP&L investors and harm low to middle income residents like myself. I can barely afford my expenses already. I do not, for example, have a TV provider, because cable and dish satellite are too expensive. I rely on an Antenna, which is unreliable under certain weather conditions. Will I soon have to do without electricity as well? Like many Americans, I am approaching retirement age with little retirement savings. Something has got to give, and I think wealthy investors can do with a little less so that others can have a minimally comfortable life.

Best Regards,
Elizabeth Nonnenmacher
