Ms. Carlotta Stauffer
Commission Clerk
Florida Public Service Commission

Tallahassee, FL 32399

My name is Michael Horning and I live at 18265 NW 21 Street, Pembroke Pines Florida 33029.
I am 67 years old and retired - on a fixed income.

When you're considering the rate increase requested by FP&L, please keep in mind that their profits come at my and other retired citizen's expense, and some of us are having a very hard time of it.

I understand a business need to make a profit but government representatives need to review the 'reasonableness' of these profits when citizens must use services provided by monopolies.

There is no competition for electrical power here in South Florida so you as our public service commission are the only factor or watchdog we have in keeping FP&L as honest, service oriented, and as frugal as we need them to be.

Please review carefully their request. I believe you will find it is out of line and therefore deny their base rate increase request.

Sincerely,

Mike
