Subject: Florida Public Service Commission: Stop the Rate Increase Docket # 160021

Dear Public Service Commissioners,

I am asking you to deny the FPL rate increase. I know too many people living in nice homes who keep their thermostats at 80 degrees because they can't afford to keep their homes comfortable. I can't imagine what happens to the poor and do not think they should be forced to live without any air conditioning. I am submitting a petition protesting the rate increase. It has been signed by 5,738 Florida residents.

The fact is that many of us if not most of us make less money and have less savings than we had in 2006 and there is no clear indication that our incomes are going up any time soon.

Please click on the link below to access the petition and read about our other objections to the rate increase.

https://www.change.org/p/florida-public-service-commission-stop-the-rate-increase?recruiter=12746742&utm_source=share_petition&utm_medium=email&utm_campaign=share_email_response

Thanks!
Terry LaPlante
