Subject: FPL Rate Increase Request

Dear Ms. Stauffer

My legal name is George H. Carter III and I reside at 910 S. Beach St in Ormond Beach FL 32174. It has come to my attention that your department is currently considering a request from FPL to increase their current rates for power customers such as myself -docket number 160021-E1. While I understand that companies are in business to make money I consider it your responsibility to ensure that is it not done so at the cost to so many of us who are retired and living on fixed incomes.

If there is not a plan for the increased revenue to be used primarily for upgrading our grid or other necessary functions and if the monies raised will primarily be going to stock holders then I urge you to consider the people of your state who depend on your sworn duty to look out for us and not big business.

Thank you for your consideration in this matter,

George Carter
