Subject: Increase in FPL base rate

Please read this for the hearing on August 22. Docket #160021-E1

I receive electricity from FPL, as does everyone in Florida. We are at their mercy as we have no other options for electric service. Many of the customers of FPL are on limited retirement or Social Security only. The requested increase is outrageous! This will line the pockets of the investors and the top managers of the company. This increase will hurt so many folks in Florida. The elderly are especially vulnerable as they have NO way to increase their income which is often Social Security

I hope that the Public Service Commission will seriously assess this exorbitant increase. We have so many homeless, hungry and poor barely managing in Florida. I hope that the Commission reconsiders this huge increase to make the rich richer and the poor, poorer.
