Subject: FPL Rate Hike

I am writing this letter to discourage the approval by the PSC of FPL's requested rate increase. There is not a week that goes by that I do not experience a power surge at my house and often not a day goes by without a surge or two. This causes me to have to reset my clocks, experience cable, phone and internet outages and causes constant irritation. They do NOT deserve a rate hike until they can ensure that we as senior citizens are getting the consistent electrical power that we are already paying for...

Please do not grant them the approval to increase our rates...

Thank you,

Paula S. Graham
