Subject: FPL Rate Increase - Docket No. 160021-EI

Dear Ms. Carrera-Oliva:

Thank you for contacting the Florida Public Service Commission (PSC) about Florida Power & Light Company's (FPL) rate petition. To give Commissioners and staff an opportunity to review your comments, your correspondence is included in the file for Docket No.160021-EI.

As you know, the PSC customer service hearings were held in June in FPL's service territory for Commissioners to hear directly from customers about the utility's rate request and service. All customer comments during the hearings and all correspondence will be reviewed and considered when PSC staff prepares its recommendation to the Commissioners on FPL's proposed rates.

The PSC's evidentiary hearing on FPL's rate case will be in August in Tallahassee. Witnesses from the utility, intervenors, Commission staff, and the Public Counsel, who represents customers, will present testimony and exhibits and be cross-examined by the Commissioners and other parties. Commissioners will examine FPL's need for a rate increase, its existing and proposed rate structure, and its ability to provide safe and reliable service.

Commissioners are charged with making sure that Florida's utility companies fulfill their service obligation. The PSC will ensure that final customer rates reflect only those costs that are prudent and necessary for FPL to deliver quality electric service to your home or business. Any proposed rate adjustment is requested to begin in January 2017.

If you have additional questions or need further assistance, please call 1-800-342-3552. If you want updated case information, visit the PSC's website, www.floridapsc.com and click on the Clerk's Office tab, then hit Dockets and type in case number 160021.

Subject: FPL - Potential Hike on Rate

Dear Ms. Carlotta Stauffer, Commission Clerk Florida Public Service Commission:

It is my understanding that FPL has filed a motion to increase the rates on the electricity, increase that will tremendously impact a family like mine that for the last 6 years we have been from paycheck to paycheck. I am the only source of income in my household because of my husband's illness that has forced him to stop working after 27 years in the work force and has impacted immensely our family. I am asking you to please before letting something like this gets approved to think about families like mine (that there are way too many in Florida) who are barely making ends meet, in my household there is no way we can afford any extra expense I am working an average of 14 hours a day and it is not enough, please help us stop the greed of these corporations that because there is no other alternative we need to die with them.

Regards,

Maria Carrera-Oliva
