Subject: Docket #160021-E1 FPL increase request

Dear Ms. Stauffer,

This missive concerns FPL's request for a \$1.3 billion rate increase.

Since \$960 million of the requested increase will go to investors and not to service enhancement, not to disaster preparedness, and not to energy innovation, and since FPL has stated that it will have a \$1.6 billion profit in 2017 without the increase, it would be unconscionable for the PSC to grant the requested increase.

The PSC must deny FPL the ability to raise its profits as much as possible at the expense of its customers.

Thank you.

Sincerely,

Sara Rochon
