AGENDA MEMORANDUM**

COMMISSION DISTRICT: 5

FILE NO.: UTD16-1148

DATE: 7/28/16

SUBJECT: Bulk Water Agreement - Utilities Inc. of Florida - Summertree Service Area - No Funding Required

THRU: Flip Mellinger, Assistant County Administrator (Utilities Services)

FROM: Michael J. Carballa, P.E., BCEE, Utilities Engineering and Contracts Management Director

RECOMMENDED BOARD ACTION:

Approve the Bulk Water Agreement allowing Pasco County to provide bulk water services to the Summertree portion of Utilities Inc. of Florida's (Utilities Inc.) service area. Authorize the Chairman to execute the three originals of the Bulk Water Agreement provided and direct the Board Records Department to distribute, as set forth under the Distribution section below.

BACKGROUND SUMMARY/ALTERNATIVE ANALYSIS:

Through the joint efforts of the Summertree Water Alliance and Pasco County, Utilities Inc. has requested that Pasco County provide bulk water supply service to replace its existing supply so that it may service its customers in Summertree, located near State Road 52 and Paradise Point Way.

Pasco County, with the aid of a \$1,000,000.00 state grant through the Florida Department of Environmental Protection, will finance the initial capacity fees of \$896,141.00; Pasco County will utilize the remainder to fund the design and construction of the interconnect itself. Additional capacity fees for any new development within the Summertree service area will be the responsibility of Utilities Inc.

The Bulk Water Agreement has a twenty-five (25) year term commencing on the date of execution. Utilities Inc., with a one (1) year notification prior to expiration, may renew the Bulk Water Agreement for an additional twenty-five (25) years.

FISCAL IMPACT/COST/REVENUE STATEMENT:

Funding is not required for this recommendation.

DISTRIBUTION:

Board Records Department to distribute as set forth below:

1. Retain One Original
2. One Original to the Utilities Services Branch, Land O Lakes
3. Mail One Original to:

Mr. Patrick Flynn
Utilities Inc. of Florida
200 Weathersfield Avenue
Altamonte Springs, FL 32714-4027

FM/MJC/UTD16-1148 Agenda Memo Bulk Water Agmt-Summertree Service Area

BULK WATER AGREEMENT

THIS AGREEMENT is made and entered into by and between PASCO COUNTY, a political subdivision of the State of Florida, acting by and through its Board of County Commissioners, the governing body thereof, hereinafter referred to as the "COUNTY," and UTILITIES, INC. OF FLORIDA, a corporation authorized to conduct business within the State of Florida, hereinafter referred to as the "UTILITY."

WITNESSETH:

WHEREAS, the UTILITY has received a certificate from the Florida Public Service Commission authorizing the provision of public water service to a franchised service area, hereinafter referred to as "SUMMERTREE", as illustrated in Exhibit A, located within the COUNTY pursuant to Chapter 367.041, Florida Statutes; and,

WHEREAS, the UTILITY has requested that the COUNTY provide bulk water supply service to replace its existing supply for service to the customers of the UTILITY'S system; and,

WHEREAS, subject to the conditions and limitations set forth herein, the COUNTY is willing to provide limited bulk water supply services to the UTILITY for the purpose of replacing its existing water supply; and,

WHEREAS, given the availability of an adequate bulk water supply from the COUNTY, the UTILITY has elected to abandon its existing water supply wells and water treatment facilities; and,

WHEREAS, the State of Florida, through the Florida Department of Environmental Protection has offered a grant of \$1 million to be applied toward the COUNTY's applicable water capacity fees that would otherwise be paid by UTILITY and toward the cost of constructing an interconnection project; and,

WHEREAS, the COUNTY, in order to provide quality water service to the SUMMERTREE customers, is willing to design, supplement the cost of, and construct facilities necessary to provide such bulk water supply services:

NOW, THEREFORE, in consideration of the premises, which shall be deemed an integral part of this Agreement and of the mutual covenants and conditions set forth herein, the COUNTY and UTILITY intending to be legally bound thereby, agree as follows:

Section I. Whereas Clauses

The WHEREAS clauses set forth above are incorporated herein by reference and made a part of this Agreement.

Section II. Purpose

The purpose and intent of this Agreement is for the COUNTY to provide limited bulk potable water supply to the UTILITY so it may abandon its existing SUMMERTREE wells and replace its existing water supply for water services to the homes and structures located in SUMMERTREE and to provide for assurances of timely payment from the UTILITY to the COUNTY of all County-approved rates and charges. All terms and conditions contained herein shall be read and interpreted in a manner consistent with and in furtherance of this purpose and intent.

Section III. Bulk Water Service

A. Subject to the conditions and limitations set forth in this Agreement, the COUNTY shall provide bulk water supply services to the UTILITY in the amounts and at the times specified in the design of the interconnection(s) to be approved by the COUNTY and the UTILITY. Such service shall be provided by interconnecting the COUNTY'S existing water transmission facilities to the UTILITY's distribution system as mutually determined and agreed to. The COUNTY, with the aid of any available state funding, will finance and construct the interconnection. The COUNTY shall design the connection based on the maximum flow rates set forth in Section VII. The plans and specifications describing the location and type of connection to the UTILITY must be approved in writing by the UTILITY prior to the time the work is actually performed. Such work shall be performed by the COUNTY and monitored by the UTILITY for conformance with the COUNTY approved connection requirements and the work must also meet all applicable State and COUNTY standards and regulations. The COUNTY will ensure that the construction meets all COUNTY standards.

B. Connection to the COUNTY water system shall require furnishing and installing an appropriate metering assembly meeting all COUNTY requirements and specifications at all approved points of connection. The metering assembly must be acceptable to the COUNTY for the purpose of determining the

volume of water being provided by the COUNTY to the UTILITY pursuant to this Agreement. The County will furnish and install the meter assembly or assemblies. The COUNTY shall own, operate, and maintain the meter assemblies, and the COUNTY shall have the absolute right of access to the meters for operation, maintenance, calibration, reading, and repairs as necessary to maintain the functionality and integrity of the COUNTY'S water distribution system. The UTILITY shall also be provided the right of reasonable access to the meter assemblies for testing and reading purposes with the County present.

C. Meter Reading and Payments: The COUNTY will invoice the UTILITY for services on a monthly basis in accordance with meter readings, calculated charges, and other applicable service fees identified in Exhibit B attached hereto. The COUNTY may amend the service fees identified in Exhibit B at any time and shall give UTILITY at least 90 days prior written notice of such amendment. The UTILITY shall make payment based upon the invoice amount within thirty (30) days after receipt of the invoice from the COUNTY. In the event that the payment is not made within thirty (30) days after receipt of the invoice, the UTILITY agrees to pay interest or penalties as established in the COUNTY'S utility system service regulations on the outstanding balance until paid in full. Nothing contained herein, including the charging of interest, shall extend the due date for any payment and any failure to pay on or before the due date shall be considered a default under the terms of this Agreement entitling the COUNTY to pursue those remedies set forth in the default section. In the event the UTILITY disputes the accuracy of any meter reading, it must notify the COUNTY within fifteen (15) days of billing and demonstrate through appropriate calibration testing that the meter is either not properly calibrated or is not functioning properly. All meter readings not disputed within fifteen (15) days of receipt of the applicable bill by the UTILITY will be final and not subject to dispute. In the event the UTILITY disputes the billing, it shall still pay the amount billed by the COUNTY unless the error is self-evident or obvious when compared to typical average usage and/or historical flows. If it is subsequently determined, in accordance with the procedure specified below, that the billing is in error in favor of the UTILITY, then the UTILITY will be reimbursed or credited for any difference within forty five (45) days of such determination. In the event of any unresolved dispute concerning the meter's performance or accuracy, the parties agree to utilize the meter testing services of the Florida Rural Water Association or other mutually selected independent

testing company qualified to measure meter accuracy and performance. If the parties are unable to agree on an independent testing company, they will each select an independent testing company, and the two selected companies shall choose a third independent testing company who shall perform appropriate tests upon the meter(s). The decision of the testing company chosen pursuant to this paragraph as to the meter's performance or accuracy shall be binding upon the parties. In the event the meter is determined to be accurate within the manufacturer's range of tolerance, then the cost of testing shall be paid by the UTILITY. If the meter is determined to be inaccurate and outside the manufacturer's range of tolerance, then the COUNTY shall pay for the cost of testing.

D. Monthly Service Rate: The UTILITY agrees to pay the COUNTY'S bulk water service rate, effective October 1, 2014, which is currently Three and 57/100 Dollars (\$3.57) per thousand gallons of water based solely upon the meter readings obtained from the SUMMERTREE bulk meter assembly or assemblies. This initial user service rate, including any or all components thereof, may be adjusted upward or downward by the Board of County Commissioners from time to time in accordance with the COUNTY'S rate-setting procedure, for the County's bulk rate customer class. In the event of a rate change, the COUNTY shall provide the UTILITY with 90 days prior written notice so that the UTILITY can complete the required filing with the Florida Public Service Commission for the pass through of that rate change.

E. Connection Fees: The COUNTY agrees to fund all applicable connection fees with available state funds. The initial connection fee shall be Eight Hundred Ninety-Six Thousand, One Hundred Forty-One and 00/100 Dollars (\$896,141.00) reflecting the provision of water service by the COUNTY to the UTILITY's existing customers as described in the attached composite Exhibit C. Subsequent to the execution of this Agreement, UTILITY shall pay the COUNTY additional water connection fees as authorized by COUNTY ordinance, as may be amended, for each new service connection or upgraded service connection. If a parcel not identified in composite Exhibit C is provided with service by the UTILITY then it shall be deemed a New Service Connection and charged the appropriate impact fee. If any parcel in the service area is re-developed in such a manner that its current meter size is increased, it shall be deemed an Upgraded Service Connection, which shall be charged an impact fee equivalent to the increase in service capacity. Water impact

fees payable by UTILITY to the COUNTY shall be calculated for each New Service Connection or Upgraded Service Connection in the manner designated under the COUNTY ordinance, as may be amended. UTILITY shall pay the COUNTY water impact fees due hereunder before the additional service is provided. The COUNTY shall have the right to request and receive from the UTILITY a report identifying all New Service Connections or Upgraded Service Connections along with documentary support to substantiate the information provided in such report, at no cost to the COUNTY. The COUNTY shall not request such a report more than once per month.

F. Service Commitment: The COUNTY shall use its best efforts to provide the water capacity required pursuant to the terms of this Agreement. Any failure by the COUNTY to provide the water capacity required pursuant to the terms of this Agreement shall be considered a material default for purposes of Section V hereof. In the event of such material default, the UTILITY reserves the right to terminate the Agreement unilaterally or to pursue other remedies as identified in Section V of this Agreement. However, the COUNTY shall not be liable for damages to the UTILITY or be considered in default as a result of its inability to provide water services pursuant to this Agreement when such inability is attributable to equipment failure, regulatory restrictions, or uncontrollable circumstances and where the UTILITY is being affected and treated in a similar manner as other customers of the COUNTY'S service area.

G. Public Water Distribution System: The UTILITY, at its expense, shall:

1. Maintain and repair its entire water distribution system (defined as the UTILITY'S facilities located on the UTILITY'S side of any meter(s) installed to measure water provided to the UTILITY by the COUNTY), including all lines, valves, meters, and other facilities and appurtenances that are located on its side of the water meter(s) that the COUNTY utilizes for determining monthly billing.

2. Cause to be conducted all investigations and testing that may be required in order for the UTILITY to effect additional service connections to the COUNTY'S water transmission system, including all design, construction, repair, and maintenance of the said connection equipment if necessary.

3. Cause all water lines, valves, meters, and other facility appurtenances that are located on the UTILITY'S side of the water meter to be repaired and maintained in accordance with sound utility management practices.

4. Pay for all metered water and any other costs or fees as provided herein.

H. Permit. The UTILITY shall have the responsibility of securing and maintaining all necessary permits from all governmental agencies having regulatory authority over the UTILITY'S public water distribution system. The COUNTY shall have the same responsibility as to its water system. However, where governmental regulations require the UTILITY to obtain permits and/or develop reports and other documents that require the UTILITY to obtain data from the COUNTY related to its water system, the COUNTY will provide all needed data to the UTILITY in a timely manner and assist the UTILITY to the extent necessary for the UTILITY to comply with such governmental regulations at no additional cost to the UTILITY. In complying with all regulatory requirements, the parties shall work cooperatively and use their respective best efforts including, but not limited to, providing to the other party or agency, as applicable from time to time, information that will enable the other party to comply with any such regulatory requirements in a timely manner.

Section IV. General Provisions

A. These conditions are binding upon the successors and assignees of the parties hereto. Whenever one (1) party gives notice to the other party concerning any of the provisions of this Agreement, such notice shall be given by certified mail, return receipt required. The notice shall be deemed given when it is deposited in the United States mail with sufficient postage prepaid (notwithstanding that the return receipt is not subsequently received). Notices shall be addressed as follows:

COUNTY:	Utilities Services Branch Utilities Admin. Bldg. 19420 Central Blvd. Land O' Lakes, FL 34637-7006
UTILITIES INC.:	Utilities, Inc. of Florida 200 Weathersfield Avenue Altamonte Springs, FL 32714-4027 Attention: President

WITH COPY TO: Utilities, Inc.
 2335 Sanders Road
 Northbrook, IL 60062
 Attention: General Counsel

These addresses may be changed by giving notice as provided for in this paragraph.

B. No waiver of any breach of any of the terms of this Agreement shall be construed to be a waiver of any succeeding breach.

Section V. Default

If either party materially fails or defaults in keeping, performing, or abiding by the terms and provisions of this Agreement, then the non-defaulting party shall give written notice to the defaulting party specifying the nature of the default. If the defaulting party does not cure the default within thirty (30) days after the date of written notice, then this Agreement, at the option of the non-defaulting party, may be terminated. In the event either party elects to terminate pursuant to this section, such termination shall include the cessation of bulk water services. Neither party shall be relieved of liability to the other for damages sustained by virtue of any party wrongfully exercising this provision. This paragraph is not intended to replace any other legal or equitable remedies available to any non-defaulting party under Florida law, but it is in addition thereto. Notwithstanding the foregoing, any failure to make timely payments shall be considered a material default under the terms of this Agreement without the necessity for any written notice.

Section VI. Utility System Charges

The UTILITY shall seek approval from the Florida Public Service Commission to fix, revise, maintain, and collect such fees, rates, rentals, or other charges for the use of the products, services, and facilities of its utility system as shall be necessary to fund the timely payment of its respective obligations and liabilities under this Agreement. The UTILITY shall maintain its utility system operation and maintenance accounts throughout the term of this Agreement for the purpose of paying its obligations and liabilities hereunder. Notwithstanding any other provisions of this Agreement, the rates and charges assessed by the COUNTY to the UTILITY for the water services provided herein, shall be no higher than those provided to any other similar situated customer of COUNTY's services at the time of execution of this Agreement or any time in the future.

Section VII. Level of Service

A. Service by the COUNTY shall begin after the COUNTY'S acceptance and implementation of the Bulk Water Meter Interconnection(s) and shall be limited to a total annual average daily flow of 200,000 gpd delivered at a flow rate and water pressure range as described in the design of the facilities at the designated point of connection(s) as conceptually shown on Exhibit D hereof.

B. Service by the UTILITY shall exclude service to all common area irrigation systems as all such previously existing irrigation service connections have been removed from the UTILITY's water distribution system. Non-potable water is being provided now and will be provided hereafter to all common area irrigation systems via on-site irrigation wells and associated piping systems.

C. The total amount of bulk water supply capacity, absent the flow consideration of 1,000 gpm for fire protection to be provided by the COUNTY under this Agreement, shall be limited to a maximum domestic flow rate of 250 gpm (peak domestic flow rate).

D. The water supplied by the COUNTY, at a minimum, shall meet all Federal (US Environmental Protection Agency) and State of Florida (Department of Environmental Protection) Drinking Water Standards as applicable at the point of delivery.

E. The COUNTY, either on its own initiative or upon the UTILITY's written request, will re-evaluate the sufficiency of the initial bulk water supply capacity required to accommodate new service connections or upgraded service connections, if any, to the UTILITY'S service area. The COUNTY will then modify or improve its facilities in order to provide adequate service to the UTILITY thereafter at no cost to the UTILITY. The UTILITY will forecast such new connections and make the COUNTY aware of such additional capacity requirements sufficient advance notice to allow the COUNTY adequate time to expand its infrastructure.

Section VIII. Miscellaneous Provisions

A. In the event the parties' performance of this Agreement is prevented or interrupted by consequence of an act of God, or of a public enemy, or national emergency, allocation, or other governmental restrictions upon the use or availability of labor or materials, rationing, civil insurrection, riot, racial or civil rights disorder or demonstration, strike, embargo, flood, tidal wave, fire, explosion, bomb detonation, nuclear fallout, windstorm, hurricane, sinkholes, earthquake, or other casualty or disaster or catastrophe, unforeseeable failure or breakdown of pumping, transmission, or other facilities, governmental rules (except those of the COUNTY in cases where the COUNTY seeks excuse of performance hereunder or acts or orders or restrictions of regulations or requirements, acts or actions of any government (except the COUNTY in cases where the COUNTY seeks excuse of performance hereunder or public or governmental authority, commission, board, agency, official, or officer (except those authorities, commissions, boards, agencies, officials, or officers of the COUNTY in cases where the COUNTY seeks excuse of performance hereunder, or judgment or a restraining order or injunction of any court, the party shall not be liable for such nonperformance, and the time of performance shall be extended for such time period that the party is diligently attempting to perform.

B. The parties hereto agree that from and after the date of execution hereof, each will execute and deliver upon the request of the other such other documents and instruments and take other actions as may be reasonably required to carry out the intent of this Agreement.

C. This Agreement shall not be considered an obligation on the part of the COUNTY or the UTILITY to perform in any way other than as indicated herein.

D. This Agreement shall be binding upon the heirs, representatives, and assigns of the parties hereto and the provisions hereof shall constitute covenants running with the land for the benefit of the heirs, representatives, and assigns of the party. However, this Agreement shall not be assigned by either party without the express written consent of the other party; however, such consent shall not be unreasonably withheld by such other party.

E. In the event the COUNTY, or authorized agent of the COUNTY, ever elects to exercise its power of eminent domain for the purpose of acquiring all, or any part of the water utility system which may be owned by the UTILITY, the COUNTY and the UTILITY agree that the COUNTY will not be required to pay the UTILITY for any value which may be attributable to the services provided by the COUNTY under the terms of this Agreement above the fair value of the facilities constructed hereunder and owned by the UTILITY and the cost of the water reserved hereunder.

F. Term: This Agreement shall have a term of twenty-five (25) years commencing on the date of execution of this Agreement. , Thereafter, the UTILITY may renew this Agreement for an additional twenty-five (25) years. The UTILITY shall notify the COUNTY within one (1) year prior to the expiration of the initial term of the decision whether to renew and the COUNTY agrees that its approval of such renewal will not be unreasonably withheld.

G. The UTILITY agrees that immediately upon execution by the COUNTY of this Bulk Water Agreement, the UTILITY will begin preparation of an appropriate filing with the Florida Public Service Commission requesting recognition and recovery of the additional cost of increased water purchased from the COUNTY. The UTILITY shall use its best efforts to obtain such approval. However, the UTILITY will have no obligation to begin purchasing such water until the rates necessary to receive such service have been approved by the Florida Public Service Commission. The COUNTY shall have no obligation to provide such additional bulk service until the rates covering the cost of such service to the UTILITY have been approved by the Florida Public Service Commission.

H. Each party acknowledges that it has played an equal role in drafting this Agreement and, as a result, in the event of any ambiguity contained herein, the same shall not be construed against or in favor of either party.

IN WITNESS WHEREOF, the parties hereto have executed the foregoing Agreement on this

____ day of _____, 2016.
