

REF. Docket # 160021-EL.

RECEIVED-FPSC

COMMISSION
CLERK

I've been a resident of Broward County since 1957. Now that I'm in my 60's and Obamacare has taken away my Full-time job, I cannot find work.

IT's 96° in my house. I cannot afford to use A/C. A Fixed income of \$200.00 per month for electric, water, phone (landline) and property taxes reduces a senior citizen to one meal a day.

AND NOW FPL wants to raise Rates Again.

How can you justify the Harm that you will cause to those who worked their whole lives and are now on Fixed incomes or with NO income at all. Your Plans clearly harm the elderly and the poor on purpose.

I will be forced to use oil lamps and candles as though ~~was~~ I'm living in the 1700's

Are you prepared for the BAD publicity when FPL shuts OFF the electricity of Seniors that you have priced beyond our meager Budgets?

How can this country and FPL be so cruel to the aging citizens who's tax dollars built this city?

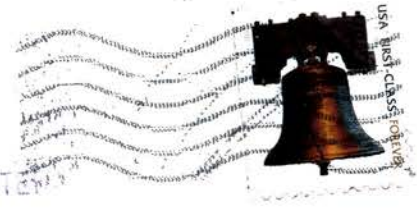

IF you must raise Funds do it to those with jobs and Large Air Conditioned Homes, Not the Seniors on Fixed Budgets who can't afford A/C at All.
