I do have comments regarding the proposed rate adjustment. If and when there is an increase, please consider my type of residence:

- 1) two seniors in our seventies on fixed incomes
- 2) bills are already high, so far averaging \$ 264 monthly this summer and our annual cost is at least \$ 2200
- 3) household that has special needs participating in your Medically Essential Service Program ( MES )

I appreciate your attention to this matter,
