Dear Mr. Glavin:

The Governor's office forwarded a copy of your email regarding Indian River Shores to the Florida Public Service Commission (PSC). The PSC regulates investor-owned electric, and natural gas utilities throughout the state, and investor-owned water and wastewater utilities in those counties which have opted to transfer jurisdiction to the PSC. The PSC has authority in the telephone industry which is limited to the Lifeline Assistance Program, Florida Relay Service, and pay telephone service. We appreciate the opportunity to assist you.

You expressed a concern about the Town of Indian River Shores' petition for modification of territorial order based on changed legal circumstances emanating from Article VIII, Section 2(c) of the Florida Constitution. We will add your comments to the correspondence side of Docket No. 160049-EI.

If you have any questions or concerns please contact Ms. Ellen Plendl at 1-800-342-3552 or by fax at 1-800-511-0809.

Sincerely,

Randy Roland  
Regulatory Program Administrator  
Florida Public Service Commission

**Subject:** VERO UTILITIES AND PSC

Please read this and make sure the PSC makes the right decision.

I have resided in Indian River Shores for 33 years and have put up with the HIGH RATES I pay for power from Vero Utilities while my friends up the street pay 30 percent less.

The offer by our council and FPL of \$30 million for the rights to get out of the grip of Vero was approved by all of the members of the Vero Beach Utilities Commission at their meeting prior to the Vero Council meeting and for the Council to ignore them is unacceptable.

It is now up to you to make the right decision and stop the illegal requirement we have to stay with Vero Electric when our contract runs out this November.

Our only escape is for you to vote in our favor. Please DO WHAT IS RIGHT .
