

QUESTION:

Regarding Hevert Rebuttal at Exhibit RBH-42 "Recently Authorized ROEs". For each proceeding listed (1) where Witness Hevert submitted testimony regarding ROE, (2) in which the underlying proceeding resulted in an order issued by the subject commission after litigation (i.e., not an order discussing a settlement regarding the Return on Equity), and (3) the authorized ROE was lower than the ROE advocated for by Witness Hevert, please provide the subject utility's credit rating before and after the order addressing the ROE.

RESPONSE:

Please see FPL's response to SFHHA's Fourteenth Set of Interrogatories No. 342 for a listing of the cases in which Mr. Hevert has submitted ROE testimony, and the resulting ROE (when available). Mr. Hevert does not track the other requested information.
