Kathleen,
Attached and below are the inputs for the sections you refer to below. The current AFUDC Rate is 6.34% approved in Docket No. 140035-
EI as of January 1st, 2014 (still in effect through December 2015) and the splits are as follows:

Debt: 23.3544%
Equity: 76.6456%

This rate split is for both FPSC and FERC.

Please let me know if you have any questions or need anything else from me.

Thanks,

Hi Jason,

Craig took a look at MFR F-08 and suggested that you could provide the data for section IX C & D. Please take a look at the attached MFR and confirm.

Thanks,

Kathleen,

I have marked up MFR F-8 with the names of the individuals I think can help you to complete the schedule. Let me know if you have any questions.

Hi Craig,

I am working on gathering data for MFR F-08 Test and SYA, which asks for a schedule of assumptions. I've attached what we filed in the last rate case for reference. Jason Chin suggested I reach out to you as a starting point. Can you please take a look at what's being requested and let me know if you can provide some of the data or at least point me to someone that can?

Thank you,
