Docket No. 160198-GU - Petition for approval of safety, access, and facility enhancement program (SAFE) true-up and associated cost recovery factors, by Florida City Gas

Responses of Florida City Gas to Commission Staff's Third Data Requests

The responses of Florida City Gas to the Staff's Third Data Requests in the referenced docket are as follows:

With regard to the over-recovery of \$195,449 for 2016:

1. What is the interest calculated on this amount?

Company Response: There are no carrying charges/interest included in the \$195,449 over-recovery. There also would be no carrying charges/interest if the situation were reversed and this were an under-recovery, because the tariff does not contemplate such.

2. If interest is included, would it change the proposed surcharge amount?

Company Response: N/A

3. What is the back up for the interest calculation?

Company Response: N/A
