Subject: raising rates

To whom it may concern,
I just learned that you approved FPLs request for them to raise their rates...AGAIN! I am absolutely disgusted at their gall and of your allowing it. WHAT about all the money they received (stole) when they raised their rates to build that nuclear plant that was NEVER BUILT?? Did we see a penny back? Of course not! You are supposed to be looking out for our best interests, but as usual another government entity turns their back in favor of greed. Ive been here in Florida since 2008 and this is what the third or fourth increase?

Thank you for reading.

Sincerely,

Gina Caracci
