RE: Docket No. 150010-WS - Application for staff-assisted rate case in Brevard County by Aquarina Utilities, Inc.

Please place the attached email in the above referenced docket regarding Aquarina's request to apply only a ten percent increase to non-potable rates and shift most of the revenue to the water and/or wastewater rates.

J.R.,

Just an FYI, below is an email I sent to Staff asking them to reduce the discretionary irrigation revenue request and transfer most of it to water and/or wastewater rates. If you would like to discuss this please do not hesitate to give me a call.

Subject: Aquarina Utilities SARC

Patti & Curt,

In order to mitigate the risk for the loss of irrigation customers due to a 152.26% increase in irrigation rates, Aquarina Utilities requests the eliminate the bfc and only a 10% increase in irrigation rates. Using the same rationale the Commission has used in the past with regard to reuse irrigation , as well as the fact that the irrigation lines serve the fire hydrants, the remaining revenue requirement should be transferred to water and/or wastewater service. Please do not hesitate to give me a call if you have any questions.

Thanks, Marty
