Re: Docket No. 160060-EC – Complaint and petition of the City of Cape Coral for an investigation into the rate structure of Lee County Electric Cooperative, Inc.

Dear Mr. May and Mr. Cox:

By this letter, Commission staff requests the following information from Lee County Electric Cooperative, Inc. (LCEC).

1. Does LCEC have location-specific asset information? If yes, please describe how detailed the information is, for example, account-specific investment by city/municipality and by street. If not, please describe in detail the process it would take to develop such information and provide an approximate cost, and include the basis for the cost.
2. Please describe with specificity the steps (and associated costs) LCEC would need to take to conduct a cost of service based on density, such as what the City of Cape Coral wants. How long would this type of study take and what is LCEC's estimate of the cost?
3. What is the date of LCEC's most recent cost of service study? Please provide a copy of the study.
4. Does LCEC currently have a cost of service study in process? If yes, does the study address the use of density in determining customer classes and rates? If yes, when will the study be finished?

Please file all responses electronically no later than Tuesday, December 6, 2016 via the Commission's website at www.floridapsc.com by selecting the Clerk's Office tab and Electronic Filing Web Form. Please feel free to call me at (850) 413-6856 if you have any questions.

D. Bruce May, Jr.
