Subject: FPL's Billion-dollar Rate Hike

I am sending you this note to advise you that I oppose FPL's rate hike request for gas-burning power plants that are unnecessary. I am particularly concerned that the new billion-dollar expenditures on gas plants in FPL's rate increase proposal will needlessly expose me and my fellow Floridians to more expensive electricity now and in the future. I want FPL to invest in affordable solar energy instead.

Sincerely,
George Patterson
