**Subject:** vote against FPL's request

Dear Commissioners,

Today is an important vote. Please vote against FPL's request to charge customers for the unnecessary fracked gas power plants.

It has been admitted by the president and executives of FPL that clean energy options (solar & energy efficiency) is "very cost-effective". FPL was not studied clean options.

I am opposed to FPL's rate hike request for unnecessary gas plants. Please vote against FPL's request. Thanks you.
