Dear Commissioner Brown,

How on earth were you able in good conscience to give FPL a \$1.3 billion base rate increase? As you know, this may end up being an even higher rate of return on its investment than FPL had requested! Your decision was in spite of the information that you were given that showed the rates should have been reduced.

Shame on you and the rest of the Commission. You should be known as the Florida Utility Services Commission because you certainly do not serve the public.

Sincerely,

Sara Rochon
