Subject: FPL rate increase

Dear Commissioner Patronis,

How are you able in good conscience to give FPL a \$1.3 billion base rate increase? As you know, this may end up being an even higher rate of return on its investment than FPL had requested! You made your decision in spite of the information that you were given that showed that the rates should actually have been reduced.

Shame on you and the rest of the Commission! Perhaps you should be referred to as the Florida Utilities Services Commission because you certainly do not serve the public.

Sincerely,

Sara Rochon
Wellington, Florida
