**Subject:** FLORIDA POWER AND LIGHT SURCHARGE

Do not give in to Florida Power and Light's demand to be reimbursed by the public for damage incurred by hurricane Matthew! FP&L has had many years to build up reserves for a catastrophic weather event. If they have not been good stewards of our tax dollars and utility fees, then shame on them. Most of us carry property insurance with very high premiums and deductibles pertaining to hurricane damage. We have no recourse but to pay this money. We cannot go crying to the state to bail us out. Also, most of the residents of Florida were not even impacted by hurricane Matthew. Why should we as customers have to provide the bail out money to FP&L?

If the Public Service Commission gives in to this extortion, it will be clear who runs the show in Tallahassee.

**Subject:** FPL requesting another increase

FPL just received an increase this month of about \$7.00 a month. Today they are requesting another increase of about \$3.50 a month to start in March.

I live on a small Social Security payment and did not get much of an increase. I got a \$3.00 increase which was offset by a \$2.00 reduction in my Foodstamps.

Please do not approve any more increases for FPL for a while.

Thank you.
