Good Afternoon:

Hope you had a good Christmas and New Year.

Attached is the water usage on our customers. This was not easy, took me 10.5 hours to do (even worked on it Christmas Eve and Christmas) and five trips to city hall. Plus the city charged me \$ 319.10.

Please call if questions,

Frank Seifert

I have all the information with the exception of the water usage from the City of Port St Joe. They are working on it but it will be next week before I get it, and then I will need a couple of days to put it in proper order. Can I fax the information to do, if so, I need to fax number. It is to many pages to email to you.

thanks,

Frank Seifert

Mr. Seifert,

Thank you for your email. Unfortunately, the information you provided regarding rainfall does not provide the information we were requesting. Question 9 states; "What steps has the Utility taken to obtain water usage information from the local water provider? If the information is available, please provide a schedule of the water gallons used per month by customer and meter size from June of 2015 through June of 2016." Please explain the steps that the Utility has taken in communicating with the local water utility to obtain water usage information, and if that information has been provided, please provide it.

Thank you, and please contact me with additional questions.
