**Subject:** proposed rate increase for Gulf Power

Please count my objection to the rate increase for Gulf Power.

I propose that Gulf Power look at its current budget and cut operating costs. I have a budget and I cut costs whenever possible.

**Subject:** Gulf Power Rate Hike

PSC:

In the past five years, has the PSC denied a rate hike by Gulf Power. Last year, the fuel cost reduction was realized owing to a increase in oil production by OPEC, etc. that drove down the price of oil and fuel across all sectors; including the power industry.

Gulf Powers customers should reflex this saving, and too should make it known was the saving was; at at a minimum, reduce rate increase from 6.9% to 5 or less. Cost of living for seniors and others increase and job raises are much less; and GP and it employees should receive less too.

C. Wilson
