Subject: Gulf Power Rate Increase

We are a retired couple living at 4417 Garcon Point Road, Milton, FL 32583. As many do, we live frugally on an fixed income (Social Security) that has not increased noticeably in the past five years. We scrape by every month. We cannot afford a Gulf Power rate increase - especially one that taxes low income customers at a significantly higher increase than businesses. Our income, especially in this political climate, will not increase! Please do not allow Gulf Power to burden its senior customers with a 7% increase. We cannot afford it.
