Subject: Gulf Power Rate Hike

I'm totally against the rate increase for why are we continually being forced to pay for projects that we should be receiving based on past increases that were suppose to take care of future projects. And, further more my paychecks are decreasing due to higher insurance deductibles, premium and other day to day living necessities.

I also feel that if we have to pay more, then I feel they as in Gulf Power should replace our power lines with under ground cabling.

AGAIN I'M TOTALLY AGAINST!
