Subject: Gulf Power Increase

Hello,

We are 67 and 70 years old. We are not receiving any increases in our income and we are retired. I would suggest Gulf Power find ways to reduce their expenses or frivolous gifts or contributions before asking for increases. When that is completed and evidence shown that you don't have any to cut back, then come back to the customer with that explanation and we may have more sympathy for your cause. We feel the customer should come first and foremost.

We are pleased with your service and appreciate your quick aid. We saw that very evident on the power lines down on hwy 98 on Friday, the 13th.

Thank you,
Frankie Watkins
