**Subject:** Docket # 160186

To: Public Service Commission

I am a retired individual living on a very limited income. I am shocked at the amount of increase Gulf Power Company is requesting. This increase far exceeds the inflation rate and is going to be an extreme hardship on my budget. As it is, I keep my thermostat at 78\* in the summer and 67\* in the winter in order to save as much electricity as possible. At these settings, I am often quite uncomfortable with the temperature in my own home.

Please do not approve this increase.

Pamela Clyde
