Subject: Gulf Power rate increase

Mr. Patronis,

I live on a fixed income as well as many of my age group---seniors. We cannot afford another increase from Gulf Power. How do you make a choice between food, medicine, or paying the power bill?

Does Thomas Fanning, with his income of \$11 million in salary and stock awards, care about the ones who will impacted severely? I think not!

I am asking you to deny this request from Gulf Power.

Sincerely,

Linda Jernigan
