Subject: RE: Gulf Power Rate Increase

Good morning Mr. Dunaway,

We will be placing your comments below in consumer correspondence in Docket No. 160186-EI and forwarding your comments to the Office of Consumer Assistance and Outreach.

Sincerely,

Sandra Soto
Commission Deputy Clerk I
Florida Public Service Commission

Subject: Gulf Power Rate Increase

No to increase above inflation rate currently (.03%) and no to any fixed monthly increases at all added on to charges no matter what amount of electricity a customer uses or does not use.

Gulf Power has made plenty of money on their current package since the last increase. Along with natural growth, they simply have decided to do other things than this needed infrastructure improvement with the profits it earned.

Maybe the Fla. PSC can get me a rate increase from my employer. Since I am not a single provider, protected by government bureaucracy, I cannot hold a couple of public hearings and then lobby behind the scenes to government appointed members for the increase I desire.

The industry straw man acting like a public watchdog group recommending an almost 9% increase as reasonable was a joke.
