COMPLAINT INFORMATION

Complaint: Other Complaint against Utilities, Inc. of Florida
Details:

The price gouging plan that we have been made aware of that is coming is preposterous!

I trust the public service commission will do its part to protect us and put an end to these doubling or even tripling to our wastewater bills that will hit us like a ton of bricks.

Otherwise we will be forced to look for new officers that will be able to do their job to protect their citizens and I will not be shy about helping their opponents.
