CONSUMER COMMENTS	
I attended the meeting this morning at Eastmonte.	
After hearing others speak, I gave this situation	
more thought. I have lived in this home for	
33 years. Most of that time we drank the	
water and I cooked with it. About 3 years	
ago the water began to taste awful. I then	
started to filter water used for cooking	
and drinking. During this time I also noticed	
every once in a while while taking a shower	
I could smell chemicals in the water. I	
see no reason they should be allowed to	
double or more the rates of Sanlando	
customers	<i>G Russakov</i>
