CONSUMER COMMENTS
<p>Concerns - ① poor water quality - need filters to drink it, calcium deposits so bad ② washer had to be replaced even though it worked; ③ water bill for 2 people is <u>over \$200</u> monthly; ④ have had water meter replaced after calls for help, plumber to check all pipes &amp; replace insides of toilets, new irrigation timer put in even though old one worked ⑤ Most of our water goes from irrigation right into aquifer <u>not</u> through sewer. ⑥ What plans are there for putting in reclaimed water for irrigation?</p>
