Subject: Gulf Power price increase - 160186 docket #

My name is Eugenia Rosenbaum, address 1100 Balsa Ct, Pensacola, FL - the rate increase of Gulf Power is another burden when people have no choices. Multiple companies should be allowed to provide energy in our area single supplier lead to misconception that we all have to accept their prices and somehow they are correct, we have no way out than to use Gulf Power or be without electricity same as Cox Cable either them or satellite.

I feel the state should take action and either allow and support other supplier to extend their business in our area or stop Gulf Power from abusing the population. As a widow, this continued price increase I consider as another burden for elderly.

the docket number 160186 on your testimony so that it can be included for consideration.
