**Subject:** DOCKET NUMBER 160186

I am writing this protesting the request to increase its rates to residential customers. As a person on a fixed income this will greatly put a strain on my budget as it will with many other fixed income individuals. Gulf Power already shows a profit so what real justification do they have to increase our rates? Is it to fund the massive Solar farm that they are installing which the customers will not see the benefits in their bill. I say NO do not allow this increase.

Harry Lohr
